**RE: Public Notice and Public Comment Period for Underground Injection Control Draft Permit PAS2D702BALL, Sedat #4A, Plum Borough, Allegheny County**

To whom it may concern:

The U.S. Environmental Protection Agency is undertaking a federal project involving a Class II commercial disposal underground injection permit requested by Penneco Environmental Solutions, LLC of Delmont, Pennsylvania, for its proposed Sedat #4A well. EPA is accepting comments from the public on this proposed permit approval. The public comment period ends June 29, 2022.

Per our program regulations, 40 C.F.R. 124.10(e), your office is invited to comment on draft permit decisions. This package contains copies of the public notice, a statement of basis and the draft permit developed by EPA for this facility. All permit application materials are available to your office on EPA's website at <https://www.epa.gov/pa/underground-injection-control-uic-program-notice-draft-permit-penneco-environmental-solutions>. Comments should be made to me at:
